Job Description

- **Examine mechanical and quartz timepieces**, disassemble them using precision tools, and inspect for worn, defective, or misaligned parts, rust, or other damage.
- **Repair or replace defective components**, such as gears, springs, jewels, crystals, and electronic parts, to restore optimal function.
- **Fabricate or fit custom parts** as needed to ensure proper assembly and performance of unique or vintage watches and clocks.
- **Test, adjust, and regulate timepiece movements** using specialized equipment to ensure accuracy and precision.
- **Clean all internal components** using ultrasonic or mechanical cleaning machines and special rinsing solutions to remove dirt, rust, and dried lubricants.
- **Reassemble and lubricate movements**, ensuring each part is properly aligned and functioning to manufacturer specifications.
- **Maintain detailed records** of repair work, parts used, and service history, and manage inventory of repair tools and spare components.
- **Provide expert advice to clients** on proper care, usage, and maintenance of their watches and clocks; may also supervise and mentor junior technicians.
