Job Type: Full Time

Job Description

Location of Work: 769 Vindin St., Midland, ON L4R 4L0

Job Duties

- Inspect and assess tires for tread depth, wear patterns, damage, air pressure levels, and valve condition using appropriate tools and gauges.
- Perform tire services including mounting, dismounting, balancing, and rotation using tire machines and computerized wheel balancers.
- Repair tires by patching punctures and replacing defective valves in accordance with safety standards.
- Conduct wheel alignment procedures and adjust suspension components as required using alignment equipment.
- Perform basic vehicle maintenance including oil and filter changes, fluid checks (engine oil, coolant, brake fluid, transmission fluid), and lubrication of moving parts.
- Inspect brake components (pads, rotors, calipers) and identify wear or safety concerns for further service recommendations.
- Install and replace automotive components such as mufflers, exhaust systems, shock absorbers, and radiators as required.
- Operate diagnostic equipment (e.g., TPMS tools, scan tools) to identify tire pressure monitoring system issues and reset sensors.
- Document all services performed, parts used, and observations on work orders and report any additional mechanical issues to management.
- Maintain a clean, organized, and safe work environment in compliance with workplace health and safety standards.
- Ensure proper handling and storage of tools, equipment, and materials, including tires and hazardous substances.

Job Requirements

- Minimum 1 year of hands-on experience as a Tire Technician or in a similar automotive service role.
- Valid driver's license with a clean driving record.
- Ability to operate tire service equipment, including tire changers, wheel balancers, and alignment machines.

- Familiarity with basic automotive systems, including tires, brakes, suspension, and fluid systems.
- Experience using diagnostic tools, such as scan tools and TPMS programming devices.
- Basic computer skills for entering service records and work orders.
- Ability to lift heavy tires and equipment and perform physically demanding tasks in a fast-paced environment.
- Strong attention to detail with a focus on safety and quality of work.
- Ability to work effectively both independently and as part of a team.
- Basic English communication skills (spoken and written) to understand instructions and complete documentation.

Wage & Hours:

- \$20.00 per hour
- 35 to 40 hours per week
- Overtime starts after 44 hours of work per week
